AUTMARING
Personalwesen

The Autmaring GmbH is our core business which has offered personnel services and placements since 1997. We connect people with companies and find the right solutions for individual requirements and problems.

During the past years, we have become an essential service provider for regional companies in regard to filling open positions with suitable employees within the framework labor leasing.

A 3D illustration on the left side of the slide. A white, stylized human figure is shown from behind, leaning forward and resting its arms on a large, light gray arrow that points upwards and to the right. Below the white figure, an orange, stylized human figure stands with its arms crossed, supporting the white figure from underneath. The background is a light gray gradient.

We help to ensure that you are able to operate productively, irrespective of the economic situation

AUTMARING
Personalwesen

We help to ensure that you are able to operate productively, irrespective of the economic situation.

Through us you can flexibly cushion temporary work peaks. Let sick employees be represented and compensate vacation periods of the core workforce or other personnel bottlenecks.

For this we provide you with competent employees and leave these employees for your company on time. You are flexible and save time and money as we take over recruitment, applicant management and payroll accounting.

We take over for you

We take on all the tasks associated with the employment of temporary workers.

Outsourcing - On Site Management

AUTMARING
Personalwesen

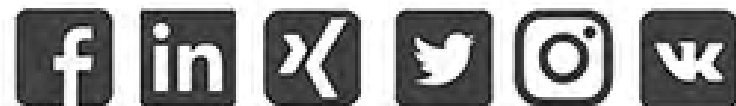

If you are a company that always has an increased need for temporary workers and the human effort becomes more and more of a burden, then just outsource this process!

We take on all the tasks associated with the employment of temporary workers. On the consultation over the recruiting and training up to the complete administrative processing - We offer everything from one source!
